

29 October 2016

EVDB has acquired TWO NEW LOGOS this year:-

	<p>First our own Logo which was produced as the result of a Joint Project with Year 9 Graphics pupils at Maiden Erlegh School from Mr Andrew Wilkinson's 2015 and 2016 classes.</p> <p>The pupils came up with the overall design concept and provided us with suggestions for suitable icons representing destinations to which we drive our clients. Then Rittu Pawar, EVDB's office representative, together with Sue Gatenby and Cornel Masca, were able to draw on all the pupils' interesting and innovative ideas to produce a final design. Thank you all very much for providing us with our own Logo at last. We are very pleased with it.</p>
